## PRESS RELEASE

9 November 2022

### **MARELEC Food Technologies opens sales office in Germany**

*Innovative food-processing machinery manufacturer takes its presence in Germany to the next level*

MARELEC Food Technologies, a world-leading producer of intelligent portion cutters and customized weighing and grading solutions, officially opened the doors of its new sales office in Dusseldorf, Germany on 9<sup>th</sup> of November, 2022.

Having had a foothold in the German market with various distributors since the early 2000s, the company recently decided the time was right to work even closer with its customers. MARELEC Food Technologies has operated very successfully in the country over the past decades and sees great future potential in its fast-developing market. The establishment of its own sales office will ensure that MARELEC Food Technologies grows even further, while guaranteeing the best possible after-sales service.

Belgium-based MARELEC Food Technologies was founded in 1983 by Mr. Piet Rommelaere who commented: "Germany has gone through a fast evolution over recent years with regard to optimizing food-processing lines for the production of high-quality food, with maximum yield and maximum returns on investment. Our machinery fits perfectly with this trend. The new office, MARELEC Germany GmbH, was the logical next step for us to continue our growth in Germany."

The MARELEC Germany GmbH office, at Dusseldorf, Alt-Heerdt 104, will be managed by Mr. Christian Witt, who has over 10 years' successful experience in the sales of fixed-weight intelligent slicing and packing applications as well as grading systems to various industries. His understanding of the industry enables Christian to analyze and to understand customers' demanding applications in great detail in order to suggest the ideal solution. The MARELEC Germany GmbH division also has the backup of fully trained professional engineers to guarantee optimal after-sales service. The technical and commercial team at the Belgian headquarters will work in close cooperation with MARELEC Germany GmbH.
